General Guide for Booking Orders

(1) Computing Number of letters per line and no. of lines in a particular mount :

Parameters regarding calculation of no. of letters per line and no. of lines for Rectangular/Square Stamps and for Circle/Oval Stamps are mentioned in this folder. In all cases a gap between words should be counted as a letter and each line gap should be counted as a line.

(2) Stamp with customer's own Style/Logo/Photographs etc :

For customer's own letter styles, logos, photograph etc. Specimen is to be collected. If the specimen does not happen to be as good as a bromide (worth taking a photograph), art work charge will apply. Photograph should be preferably black and white.

(3) Signature Stamps :

One specimen signature on plain white paper signed by black pen is sufficient. No artwork charges are applicable.

(4) Multicolour Stamps :

(a) **Colour Separation** : When two or more matters of different colours are placed separately, it is a case of colour separation. Two matters of different colour should be allowed a gap of 1/8th of an inch (3mm) amongst them. Each extra colour should attract colour separation charges.

(b) **Colour-in-colour** : When a matter of particular is surrounded by another matter of a different colour, it is called colour in colour. This is possible in Circle Stamps of 1.5" diameter onwards and Oval Stamps 2" diameter onwards. A gap of 1/8th inch should be allowed here as well. Also, colour separation charges for each extra colour will be charged.

(5) Filling up the order form :

- Select the appropriate Mount Code for the given matter following the guide lines to this effect.
- All matters in the Order Form should be written in CAPITAL letters only. Mention All Caps/Caps & Lows/All Lows linewise separately.
- Mention Style and Point Size linewise unless same for all lines.
- For the gaps in between words, leave sufficient space while writing the matter. Also for a line gap, mention clearly in the Order Form.
- Mention the desired alignment.
- If logos are to be aligned in the Stamp, positions should be clearly indicated.
- After filling up the Order Form, the matter should be scrutinised for spelling mistakes and cross verified with the customer. **ALL DOUBTS SHOULD BE RAISED AND CLEARED.**

जाँच प्रतिवेदन नं

TEST REPORT NO. 2006098-9

ज्ञापन

यह जाँच प्रतिवेदन क्षेत्रीय परीक्षण केन्द्र (पू० क्षेत्र) द्वारा जारी की जाती है। यह दस्तावेज प्रयोगशाला में परीक्षण के लिए जमा की गई नमूना (ओं) की जाँच का परिणाम है। जाँच परिणाम केवल परीक्षित मद (ओं) से संबंधित है। जाँच प्रतिवेदन में दी गई परिणाम, उल्लिखित शर्तों पर जाँच करते समय प्रेक्षित है। जाँच प्रतिवेदन निर्देशक, क्षेत्रीय परीक्षण केन्द्र के लिखित अनुमोदन के बिना प्रतिकृत न की जाय। विशेष विवरण के अलावा, निर्देशक को यह अधिकार नियत है कि जाँच प्रतिवेदन जारी होने के तिथि से ९० दिनों के बाद, अवशेष परीक्षित नमूना (ओं) (यदि कोई हों) को नष्ट कर सकते हैं।

MEMORANDUM

The test report is issued by REGIONAL TESTING CENTRE (E.R.) CALCUTTA.

This document is the result of tests conducted on the sample(s) submitted to the laboratory for testing.

The test results relate to only to the item(s) tested.

The results given in the test report are observed at the time of test under the stated conditions.

The test report shall not be reproduced except in full without the written approval of the Director, Regional Testing Centre (E.R.) Calcutta.

Except otherwise specified, Director reserves the right of disposal of the left over tested sample(s), if any, after 90 days from the date of issue of the test reports.

Few Tips While Booking Orders

The following are a few tips that will help you while booking orders :-

1. Always suggest the Customer to choose BLACK Colour. The Stamps in Black Colour smudge least and lasts the longest.
2. Should you face a situation where the stamp matter is not coming in a particular mount size as per accomodation of that mount, try the following steps :
 - a) Suggest the matter to be Caps and Lows, Accomodation will increase by : 25%.
 - b) Change the Style to Style No : 5. Accomodation will increase by : 15%.
 - c) Select Point Size 8 instead of 10 or above. Do not suggest point size below 8 as it will lead to very small letters.
 - d) If the matter still does not accomodate, select the next mount size.
3. While taking orders for Photograph Stamps, Collect (Black & White) Photograph with clear contrast. Hazy Photo will lead to undesirable stamp quality.
4. Many times the customer presents a rubber stamp impression and asks to match the point size, style etc. exactly. It has to be clear that the same style cannot be given but every effort will be made to come as close as possible.
5. In case of doubts in any regard, request for a proof. It will be our pleasure to send you the same.
